HOW *everything* STARTED

The story of **Rotaract Club Timisoara Cosmopolitan** began as a result of a well-built cosmopolitan history of our city.

Having a multicultural spirit, Timisoara ultimately becomes **'the second home'** for numerous foreigners who decide to study or work here. With this aspect in mind, Rotaract Club Timisoara Cosmopolitan started its story focusing on internationalization, personal development, and most importantly, friendship.

In **November 2015**, a group of close friends launched the initiative of creating the first English-speaking Rotaract Club of the District 2241 Romania & Republic of Moldova.

Slowly, the foundation of our Cosmopolitan Spirit was outlined by each new aspiring member that decided to join the journey.

The desire of being part of the local community, by helping the ones in need, had brought together four different nationalities under the same entity, Rotaract Club Timisoara Cosmopolitan.

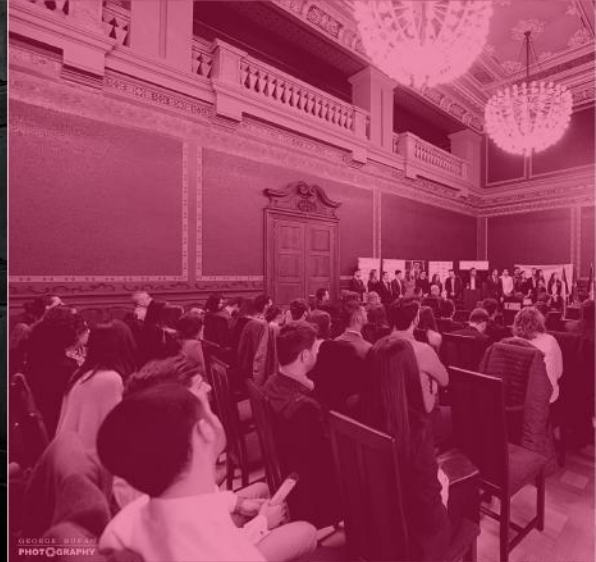

Enthusiasm and eagerness to improve society through charity and volunteering projects quickly led us to successfully conclude diverse projects in the following months.

Furthermore, our partnerships with other local charity organizations have proven to bring an unmeasurable level of joy to over five hundred people in need, in less than five months.

On the fifth of March 2016, the Charting Ceremony of Rotaract Club Timisoara Cosmopolitan took place in the mesmerizing Baroque Hall, known as the "grand hall of honor", of the Art Museum of Timisoara.

Our first steps in the Rotarian adventure were made surrounded by members of over ten Rotary and Rotaract Clubs of the district, close friends, and other wonderful guests.

With the strong ambition of the seventeen charting members and the support of our first seven big sponsors, the adventure had already begun.

FIVE YEARS PACKED WITH MEMORIES HAVE ALREADY PASSED SINCE WE CHARTED ROTARACT CLUB TIMISOARA. AFTER ALL THESE YEARS, I AM PROUD TO WITNESS THAT THE COSMOPOLITAN SPIRIT IS STILL GROWING AND PROUDLY REPRESENTED BY OUR PAST AND NEW MEMBERS ALL OVER THE WORLD.

DARIUS
BARMANYOUN

Rotaract Club Timisoara Cosmopolitan started to form as a result of the strong desire of a group of close friends to improve the society they were living in.

Having the Rotarian enthusiasm and experience formed through the years in Interact, together with a few close friends, we began our new journey.

The first English-speaking club of the district was now chartered.

Focusing on friendship, the Cosmopolitan Spirit started to form as more and more international people joined our ambition of helping the ones in need.

Besides the charity and volunteering projects, our club had differentiated itself during the years by the focus we have set towards developing the members by facilitating various training sessions.

With internationalization in mind, the members of our club took part at countless European Rotaract meetings, this later leading to international projects and recognition.

EASILY THE BEST TIME OF MY LIFE, WITH PLENTY OF HARDSHIPS, CHALLENGES, A LOT OF LESSONS LEARNED AND I'VE MET A LOT OF GREAT PEOPLE. I LOVED EVERY MINUTE OF IT BUT ALSO HATED IT. MANY THANKS TO EVERYONE THAT MADE THIS YEAR POSSIBLE AND ALSO A GREAT TIME.

DENIS JILAVU

FIVE YEARS PACKED WITH MEMORIES HAVE ALREADY PASSED SINCE WE CHARTED ROTARACT CLUB TIMISOARA. AFTER ALL THESE YEARS, I AM PROUD TO WITNESS THAT THE COSMOPOLITAN SPIRIT IS STILL GROWING AND PROUDLY REPRESENTED BY OUR PAST AND NEW MEMBERS ALL OVER THE WORLD.

PETRU
BUNGESCU

The Rotaract Club Timișoara Cosmopolitan experience started for me at the very beginning 5 years ago. I was not new to Rotary, but this felt different. As my interest grew, I decided to take the lead 2 years later and make the best of it.

The first short-term goal was to attract new members and fresh ideas.

Everyone is different and has their own set of abilities and there is nothing more rewarding than finding meaning in what you love doing most.

So we have identified and focused our own individual skills and passions into projects the whole community would benefit from.

As we are an English-speaking, cosmopolitan club, the next short-term goal was to increase our districtual, but more importantly our international notoriety.

Last but not least, we have founded our Rotaract Club Timișoara Cosmopolitan Association as a legal base for all our activity.

In the long term, the goal is to create a group of friends who can know they can rely on each other - both during and outside Rotaract. A group of good professionals who share one common goal: Serving Above Self.

MY VISION WAS ALWAYS TO NEVER WAIT FOR A CHANGE, BUT TO BE INSTEAD OF THE CHANGE YOU WANT TO SEE IN THE WORLD.

VLADIMIR

My interest in the Rotary family started when I was 15, when I discovered the activity of the rotarian move in Timișoara.

As I did more research on this subject, I saw the opportunity to do what I always wanted to do and that was to take part in the progress of our society.

Since then, my whole life was bound to the activity of the Interact Club and after I turned 18, the logical step was to move onward to the Rotaract Club and continue my activity there.

When I joined Rotaract Cosmopolitan Timișoara, it was the youngest club in the entire District.

I had the pleasure of meeting some of my old colleagues from Interact, but I also had the opportunity of meeting new people that now I can happily call my friends.

The Cosmopolitan Spirit was always about the idea of friendship and everything that comes with it.

We saw ourselves as a bunch of friends that want to evolve and

help society organize charity and volunteering projects, but also try to bring the old cosmopolite spirit back to Timișoara.

Another aspect that I always loved about Rotaract Cosmopolitan Timișoara was the international diversity that our club had.

Because our meetings were always held in English, it was a good opportunity for people from all over the world to take part in the Rotary family here in Timișoara, and also the international Rotaracts were always happy to collaborate with us on different international projects.

IN ONE SENTENCE, FOR ME THE COSMOPOLITAN SPIRIT IS ABOUT FRIENDS THAT TURN INTO YOUR FAMILY, IS ABOUT HELPING PEOPLE ALL OVER THE WORLD, AND EXPERIENCE THE CULTURAL DIVERSITIES.

My activity within the Rotary family started unofficially 10 years ago, helping my cousins with the Duck race.

I never was a member of Interact but I always wanted to be, because I was fascinated from the stories about different types of projects that were told by my cousins like helping people in need or helping children without families.

After I graduated from High school, 2015, I wanted to be part of a Rotaract club, and then I got a call from Darius Barmayoun, to chart a new Rotaract club in Timisoara, Rotaract Club Timisoara Cosmopolitan.

I was so happy about this opportunity, so I said yes without having any other thoughts. The Cosmopolitan spirit was created very fast in our new founded club.

We just wanted to be a group of international friends that do beautiful projects together and have fun by making people in need happy.

In my presidential year, 2020-2021, I am happy to say, that after 5 years from charting Rotaract Timisoara Cosmopolitan, the Cosmopolitan spirit has not vanished, this is also why we wanted to make a magazine describing our first 5 years of activity.

Although we cannot meet with each other regularly, and have as much activity as we wanted, we still manage to stick together and focus on the wellbeing of our club.

Our focus for the year 2020-2021 is the personal development of our members, by having different type of workshops like for example Time Management, or workshops about History of music.

I was very happy when our club got in touch with Rotaract Club Groningen International for the "Cultural cooking fusion".

I was very surprised and also exited when new members wanted to join our club and be part of the Cosmo-Family.

Until now we welcomed 2 new members, Iulia Sarchis & Flavia Anghel, and we are hoping that others will join us too in the near future.

OVER THE YEARS, WE FACED DIFFERENT CHALLENGES BUT TOGETHER, AS A TEAM, WE MANAGED TO FACE MOST OF THEM AND THUS, BECOME STRONGER AND MORE UNITED.

Hello there, my name is Alex and I will be the next President of our Club. First of all, I would like to congratulate the previous Presidents of this Club (5, as the title suggests), for their great years of service, of course.

When I think about the meaning behind our club's name, it points out from the very beginning, various facts such as:

- acceptance of foreign people as being part of our "family"
- thus, all our meetings are held in English.
- we believe that we are more than friends, working towards achieving a common goal, that being, the continuous improvement of our community.

I have been a member since the beginning, which is quite some time ago. Unfortunately over the past year, give the Corona situation, our activity hasn't been as it once was because of the restrictions.

I truly hope that soon we can get back or at least closer to what our lives used to be before all of this has happened, thus allowing us to resume our projects and to help the local community of which we are all apart!

"I saw Born an amazing group of Rotaract Cosmopolitan composed with awesome people. I'm really honored to have been part of it and saw it grow. Thanks for letting me be a part of this special group!"

LAURA NOBILE (CHARTER MEMBER)

"My name is Elisa Contu, I am an Italian medical student and I studied for some years at the Medical University of Timisoara. I joined Rotaract Cosmopolitan Club a few months after I arrived in Timisoara, I was already a member of a Rotaract Club in my hometown, therefore I decided that I wanted to continue being part of this worldwide family. For me being a member of the Cosmopolitan Rotaract Club represented a great opportunity to meet new people and be involved in a community to which I was new. With the club we organized various events and projects, also with partner clubs from abroad, which were very interesting, fun and unique. Our aim was always to help those in need and that's what I loved the most about Rotaract, the feeling of being helpful. Furthermore, the Rotaract Cosmopolitan club members have been always very welcoming, friendly and including. I am grateful and proud to have been part of this amazing Club."

ELISA CONTU

I am a German Medical Student studying in Timisoara. I have become part of this wonderful community of young, like-minded, ambitious people in my 4th year of study. By that time, I was not very used to speaking Romanian. The fact that the conversational language during our meetings was English, the access for me to participate in many charity projects and to foster personal growth and development was facilitated by much. During my time at Rotaract Cosmopolitan, many great project ideas were put into practice and international cooperations were built-up and cherished.

I am very happy that I have joined Rotaract Timisoara Cosmopolitan. You guys are very inspiring role models.

Max Romswinkel

"Having been a part of Rotaract Cosmopolitan was a unique and fulfilling experience. A group of young and aspiring people coming together to help and improve their community and by that also improving themselves and becoming better and more involved human beings along the way.

Even though our start as a club was a bit slow and with some minor hiccups, as I'm sure any newly formed club does, we still managed as a team to realize great projects and have lots of fun. Seeing a group of individuals turning into good friends and a big Rota family was probably the most beautiful experience I had during my time in the club.

As it happens in life, my career choices took me away from Timisoara and I could no longer be a part of this wonderful club, but I still continued and continue to this day to monitor the club's activities through social media. And seeing what has become of Rotaract Cosmopolitan Timisoara, realizing many and beautiful projects each year, and seeing the club grow in members and impact positively more and more lives in their community, makes me really proud.

I want to congratulate Rotaract Cosmopolitan Timisoara for its 5th anniversary and thank all its members for their great efforts. Keep up the amazing work you do and always enjoy. “

ANDREAS VESSELAK-THEODORATOU (CHARTER MEMBER)

"As a chartering member, I am proud to see how Rotaract Cosmopolitan developed. The idea to keep the meetings in English opened the doors for many international students as myself leading to one of the biggest strengths of our club. The possibility for many different people with different cultural backgrounds to work together and achieve a common goal.

I am very thankful that I have been part of this journey where we managed to improve the society through our project but also to develop ourselves through the constant training sessions.

Now as a former member, Rotaract Timisoara Cosmopolitan continues to be a part of me even if I am thousands of kilometers away."

Harald Heinrich

"BEING AN INTERNATIONAL STUDENT IN TIMISOARA FROM GERMANY, IT IS SURPRISINGLY DIFFICULT TO MEET NATIVES AND MAKE ROMANIAN FRIENDS.

The fact that in the Medical school in Timisoara, there are very many students with a German background, it is easy to get into a comfort bubble living in "Mini-Germany" within Romania. Rotaract Cosmopolitan, due to English as its main language of correspondence, gave me the precious opportunity to get out of that bubble and make my first Romanian friends, and bond with them participating in social projects. I am very happy that I joined the club and cherish the memories connected to it."

DEEPAK KUMAR

First of all, the idea of an English-based club had certainly been crucial for me in joining it, since I didn't speak very good Romanian at that time. Secondly, it fulfilled all my expectations of integration I was looking for. The Cosmopolitan spirit was like being in a big family while far from home. The lovely members I met during my experience also became my first Romanian friends, and this was of great value for me. Besides the excellent projects we made to help the community, we also had the possibility to improve ourselves and grow together as a club through different training sessions. I will surely never forget the times in Rotaract Timisoara Cosmopolitan and I will always keep the people I met solidly in my memory."

FEDERICO RONCHI (CHARTER TREASURER)

"I WAS AN ITALIAN MEDICAL STUDENT IN TIMISOARA WHEN IT HAPPENED TO BE A CHARTING MEMBER AND TREASURER OF THE ROTARACT TIMISOARA COSMOPOLITAN CLUB.

RYLA

During a weekend-long event, participating club members from Zone 1 had the chance to follow leadership and public speaking training sessions led by certified trainers.

Furthermore, willing to share our valuable experience with member training sessions, Rotaract Club Timisoara Cosmopolitan organized in 2019 the RYLA training for other Rotaract Clubs.

Besides the charity and volunteering projects, the members of Rotaract Club Timisoara Cosmopolitan continuously focus on their personal development.

Various training sessions on topics such as project management, time management, public speaking, and teamwork have differentiated our club during the five years of activity.

Each new aspiring member is guided by a responsible club member through planning and successfully organize his/her first project.

DROPS

Thanks to our Italian club members, we were able to bring the Drops Bracelet project to the Romanian Rotaract Clubs.

By buying such bracelets, we directly donated to Rotary D2080, the Italian Rotary District which started the Drops Bracelet campaign.

These bracelets were designed by the Italian designer Cruciani and their purpose was to support Rotary International End Polio Now Campaign.

A large, dark, grainy silhouette of a person's head and shoulders is shown in profile, looking up. Above the person's head, a hand is shown pouring a drop of liquid into their mouth. The background is a solid orange color. In the top right corner, there is a red rectangle containing the text "END POLIO NOW". In the center of the person's chest, there is a logo consisting of four overlapping teardrop shapes in red, purple, blue, and yellow. Below this logo, the text "COUNTDOWN TO HISTORY" is written in white and orange. At the bottom, the word "Rotary" is written in white, followed by the Rotary International logo.

Nature Cleanse is a project that focuses on one of the biggest and most important problems globally at the moment, pollution and global warming.

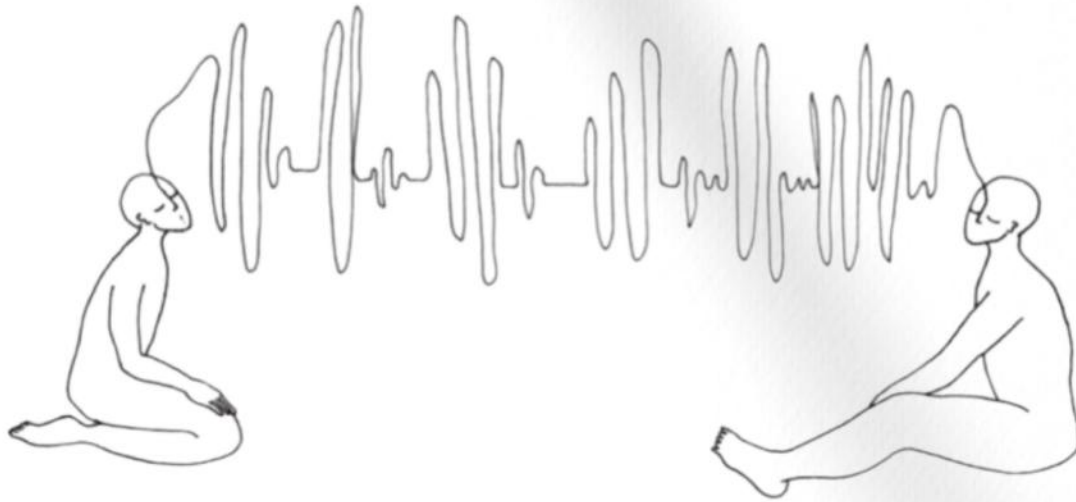

This year, in 3 different editions we managed to gather over a hundred people that offered to help clean important areas of our city.

The first 2 editions took place at Padurea Verde and for the last one, we chose to split into 3 groups so we can cover some of the most important parts of Timisoara.

Our goal is to continue with this project over the next years so we can contribute to the international fight against waste and hopefully help save our Planet.

"Let the thoughts speak loud" is an online project that aimed to remove some of our negative feelings and emotions caused by the pandemic.

Therefore, we have created a form through which people can anonymously express their thoughts towards another person or not.

The project is considered a real success, as the form was completed by over 80 people.

We were extremely happy to see such inspiring responses.

Plant a Tree

"EACH TIME YOU READ A BOOK, A TREE SMILES
KNOWING THERE'S LIFE AFTER DEATH."

"PLANT A TREE" WAS AN ECO-FRIENDLY PROJECT IN COLLABORATION WITH INTERACT CLUB BUZIAȘ. AFTER MULTIPLE STORMS IN THE SPRING OF 2019, THE FOREST FROM BUZIAȘ WAS SEVERELY DEVASTATED. INTERACT MEMBERS, TOGETHER WITH MANY TEENAGERS FROM A RE-EDUCATION CENTER MANAGED TO PLANT OVER 50 SEEDLINGS. IT WAS AN AMAZING OPPORTUNITY FOR US TO HELP THE COMMUNITY, BUT ALSO THE WORLD WE LIVE IN.
